

## NCTA Foundation Silent Auction

Thank you to all those who have participated in our prior digital NCTA Foundation Silent Auctions! The auctions have been a huge success and we have had record-breaking donations thanks to members like you! We are excited to host the 2024 NCTA Foundation Silent Auction on the same digital auction platform again this year!

During the Silent Auction Tuesday evening, you will be able to place bids, be notified when you are out bid, set auto-bids with the max bid you'd like to go to, and more - right from your phone! We will have the auction items out to view Tuesday evening.

Our generous members have donated some amazing items over the years, and we know this year will be one you won't want to miss! Items from past years include: Sport Tickets, TPC foursomes, Set of New Tires, Putters, Drivers, Yeti Coolers Sets, Stanley Cup Sets, Apple Watches, Bluetooth Speakers, Gift Cards & Gift Baskets Galore: Spa, BBQ, Reading, Whiskey, Family Fun, Game Night, and more!

All proceeds from the Silent Auction go to support the NCTA Foundation's programs. The DRIVE Trailer is a mobile learning trailer equipped to bring awareness and educate the general public about the trucking industry as well as train new drivers and technicians to become certified to enter the industry. The NC Road Team travels around NC promoting highway safety and bringing awareness about our industry.

---

In 1994, the North Carolina Trucking Association Foundation was established as a charitable and educational foundation to sponsor, establish, foster and promote educational programs and research in the trucking industry, as well as foster and promote scholarship assistance to applicants pursuing a career in the trucking industry. The North Carolina Trucking Association Foundation is a non-profit 501 (c) (3) tax deductible charitable and educational foundation.
