

NCTA Foundation Silent Auction

We are excited to host the 2026 NCTA Foundation Silent Auction on the same digital auction platform as the past few years! All proceeds from the Silent Auction go to support the NCTA Foundation's programs, such as the NC Road Team, which travels NC promoting highway safety and bringing awareness about our industry, and the DRIVE Trailer, which travels the state helping to train new drivers and technicians to become certified to enter the industry as well as educate the general public.

During the Silent Auction on Tuesday evening, you will be able to place bids, be notified when you are outbid, set auto-bids with the maximum bid you'd like to offer, and more - right from your phone!

We will have the auction items out to view Tuesday evening as well.

You will need to get connected to the digital auction to place bids on Tuesday night. If you are having any trouble getting connected to the digital auction, please see an NCTA staff member at any time during the evening. You will be required to add a credit card to join in the bidding. On Wednesday, winning bids will be charged to the cards entered. Anyone who prefers to pay for their winning bids by cash or check can do so Tuesday evening at the close of the auction.

**To get connected to the auction, text “AMC26” to 76278 or
by visiting AMC26.givesmart.com.**

**Bidding will begin following the General Session on Tuesday and
end at 9:45 pm Tuesday evening!**

In 1994, the North Carolina Trucking Association Foundation was established as a charitable and educational foundation to sponsor, establish, foster and promote educational programs and research in the trucking industry. The North Carolina Trucking Association Foundation is a non-profit 501 (c) (3) tax deductible charitable and educational foundation.

Text “give 100” to 76278 to make a donation.
