

NCTA Foundation Silent Auction

We are excited to host the 2025 NCTA Foundation Silent Auction on the same digital auction platform as last few years! All proceeds from the Silent Auction go to support the NCTA Foundation's programs: The DRIVE Trailer is a mobile learning trailer equipped to bring awareness and educate the general public about the trucking industry as well as to train new drivers and technicians to become certified to enter the industry. The NC Road Team travels around NC promoting highway safety and bringing awareness about our industry.

During the Silent Auction Tuesday evening, you will be able to place bids, be notified when you are out bid, set auto-bids with the maximum bid you'd like to offer, and more - right from your phone!

We will have the auction items out to view Tuesday evening as well.

You will need to get connected to the digital auction in order to place bids on Tuesday night. If you are having any trouble getting connected to the digital auction, please see an NCTA staff member at any time during the conference. You will be required to add a credit card to join in the bidding. On Wednesday, winning bids will be charged to the card entered. Anyone who prefers to pay for their winning bids by cash or check can do so Tuesday evening at the close of the auction.

To get connected to the auction, text “AMC25” to 76278 or by visiting [NCTA25.givesmart.com](https://ncta25.givesmart.com).

Bidding will begin following the General Session on Tuesday and end at 9:45pm Tuesday evening!

In 1994, the North Carolina Trucking Association Foundation was established as a charitable and educational foundation to sponsor, establish, foster and promote educational programs and research in the trucking industry. The North Carolina Trucking Association Foundation is a non-profit 501 (c) (3) tax deductible charitable and educational foundation.

Text “give 100” to 76278 to make a donation.
